SUBJECT: Notice of Transmittal: National Family Caregivers Month

TERRY F. WHITE
SECRETARY

The purpose of the Notice of Transmittal is to advise you that the Administration on Aging (AoA) has updated their website to include information and materials related to National Family Caregivers Month. November has been designated as National Family Caregivers month.

Please access the website at <http://www.aoa.gov> for graphics, materials, and suggestions for activities related to National Family Caregivers Month. AoA also announced the unveiling of their new logo with the tagline "Creating Communities of Care." AoA encourages using their suggestions on the AoA tool kit and other materials for events and activities in November and throughout the year. We, along with AoA, are pleased to observe this month.

I hope you will take advantage of the materials provided to help raise community awareness, regarding this program. Please contact your OMC Manager, should you have any questions on this correspondence.

As always, thank you for your continued support of Florida's elders and caregivers.
