TO: All AAA Directors **NOTICE #:** 021703-1-I-SWCBS

FROM: Terry White
Secretary

DATE: February 17, 2003

SUBJECT: Notice of Instruction: 2002-2003 EHEAP Contract;
2003-2004 EHEAP Contract

This Notice of Instruction is to provide additional clarification to **NOTICE: 020303-1-1-SWCBS**. These actions affect both your 2002-2003 and 2003-2004 EHEAP contracts.

2002 – 2003 EHEAP Contract

As previously stated, the Department of Community Affairs (DCA) has authorized you to transfer funds from the crisis category to the weather-related/supply shortage line item for the 2002 – 2003 EHEAP contract. You should have already notified your contract manager whether you want to transfer funds into this category or not, and if so, the amount you wish to transfer.

Also, additional weather-related/supply shortage funds were allocated for the 2003 – 2004 contract. In order to provide you with maximum flexibility in utilizing these funds, they are being amended into your current 2002 – 2003 contract. A spreadsheet is attached reflecting the additional funds.

Utilizing funds in this category gives a maximum energy benefit of **\$1,000** for expenses in addition to regular crisis benefits received. Applicants may also receive more than one benefit up to the maximum \$1,000 limit in this category. **The funds must be expended in accordance with the attached program directives.**

Please note that all 2002-2003 EHEAP funds must be expended prior to expenditure of any 2003-2004 funds.

DCA has indicated unspent funds in the 2003 – 2004 weather-related/supply shortage category will be released December 15, 2003.
