MEMORANDUM

TO: All AAA Directors **NOTICE #:** 100203-1-T-OVCS

FROM: Terry White
Secretary

DATE: December 21, 2011

SUBJECT: Notice of Transmittal: Telehealth Program

TERRY F. WHITE
SECRETARY

The purpose of this memorandum is to remind you of the services provided by the Telehealth program and to introduce you to the new Director of Operations, Jeffrey S. Loomis. The Telehealth project is a result of a DOE A contract with the University of Florida to provide a statewide, Internet-based, on-line support and information network for caregivers of individuals with dementia (Alzonline.net). The Telehealth contract helps ensure caregivers of elderly persons with dementia are provided access to a statewide clearinghouse for information on caregiver support services through a toll-free phone number and the Internet.

Mr. Loomis and Ken McLeod of my staff will be contacting you to set up a meeting to discuss how this valuable resource can be of assistance to you in carrying out your caregiver support activities. Staff responsible for the National Family Caregiver Support Program (Title III E) as well as the Elder Help Line and other information and referral staff would benefit from this discussion.

Thank you very much for your assistance and support. If you have questions or need assistance, please call Ken McLeod at (850) 414-2307.
