

List of Changes for the 2014 Area Plan Updates

Program Module

- The Program Module update instructions are forthcoming, pending finalized rural data for the Targeting report.

Contract Module

- References throughout the Contract Module files are updated to reflect the 2013-2014 fiscal year.

Contract Module Part I

- ▶ Certification Page – Added the Certification to the Contract Module as the Program Module will be released at a later date.
- ▶ Section C.I.A. – ADA and ALE cells that contain pre-populated formulas are now coded with the gray cross-hatched pattern to indicate that they are not applicable and should not be updated.

Reference to ARC is replaced with ADRC.

Changed III D1 to III D. Deleted III D2, and the III D2 cells that contain pre-populated formulas are now coded with the gray cross-hatched pattern to indicate that they are not applicable and should not be updated.

- ▶ Section C.I.C. – Updated instructions for running the report.
- ▶ Section C.I.E. – Added instruction on how to run the report.
- ▶ Section C.I.F.AAA through C.I.F.(16) – ADA and ALE cells that contain pre-populated formulas are now coded with the gray cross-hatched pattern to indicate that they are not applicable and should not be updated.

Changed III D1 to III D. Deleted III D2, and the III D2 cells that contain pre-populated formulas are now coded with the gray cross-hatched pattern to indicate that they are not applicable and should not be updated.

- ▶ Section C.I.G. – ADA and ALE cells that contain pre-populated formulas are now coded with the gray cross-hatched pattern to indicate that they are not applicable and should not be updated. Reference to ARC is replaced with ADRC.

Changed III D1 to III D. Deleted III D2, and the III D2 cells that contain pre-populated formulas are now coded with the gray cross-hatched pattern to indicate that they are not applicable and should not be updated.

- ▶ Section C.II.A. – Reference to ARC is replaced with ADRC.
- ▶ Section C.II.B. - Changed III D1 to III D. Deleted III D2, and the III D2 cells that contain pre-populated formulas are now coded with the gray cross-hatched pattern to indicate that they are not applicable and should not be updated.

Contract Module Part II

- ▶ Section C.VI.A. – Removed Medicaid columns which include Medicaid Waiver Case Management Agency, ADA, ALE, and CDC+.

Added instruction on how to run the report.

- ▶ The Direct Service Waiver instructions and form are added. Direct Service Waivers are only required if the request was not previously approved for the 2013-15 Area Plan.
